PREFACE.

In finishing our Illustrated Catalogue, we complete an arduous undertaking, which we are glad to conclude, it being much more of a task than we bargained for, in our minds, at the outset. We have the satisfaction, however, of presenting to those wishing a most complete series of engravings of Furniture, such as all dealers are constantly in want of. We shall be much deceived if this work will not be found to be useful to all who trade in Furniture. The low price that we charge for it, will, we trust, induce every one to supply themselves with a copy. We have arranged the cuts with numbers, which correspond with the numbers on our Tradesmen's Index. We do this that the current prices WITH US may be continually fresh. We shall always put our prices down as low as we possibly can; this we are determined to do, and our efforts, we hope, will be duly appreciated by the country dealer.
